SUMMARY

A dedicated and motivated undergraduate computer science student with a strong passion for web development and a desire to excel as a Front-End Developer. Seeking internship opportunities to apply and enhance my technical skills while contributing to innovative web projects.

PROJECTS 2023/2024

Development Project Overview:
I will be creating a Health Track app that aims to create a user-friendly application for tracking user health and fitness data. The app will provide valuable insights and recommendations to promote a healthier lifestyle. This project will be designed to cater to individuals seeking a convenient and holistic solution for monitoring and improving their well-being.

Mobile Application Project Overview:
For this project, I'll be collaborating with a partner to create a mobile app that simplifies coffee ordering and enhances the coffee shop experience. Customers can browse the menu, customize their coffee, and order easily using their smart devices.

RELEVANT COURSEWORKS

- Data Structures Algorithms
- Agile Development
- Web Development
- Database Management

LEADERSHIP AND EXTRACURRICULAR ACTIVITIES

Secretary in a university society 2022-2023
My role in the society was to manage communications, organise meetings, take notes during meetings, and report to the coordinator. These responsibilities helped develop my leadership skills through effective communication, time management, and writing skills. Balancing academic commitments with society duties taught me to make decisions, adapt to change, and collaborate effectively with other executives.

Prefect 2017-2018
I was appointed as a prefect in secondary school because of my trustworthy and commendable qualities as a student.

TECHNICAL SKILLS

- Programming Languages: Scala and Java
- Web Development: HTML, CSS, and PHP
- Database Management: SQL, MongoDB
- Tools: Git, Visual Studio Code, and Kaggle Notebook
- Operating Systems: Windows and Linux

EDUCATION

2024
De Montfort University
Leicester, LCE

BACHELOR OF SCIENCE: COMPUTER SCIENCE

2020
Joseph Chamberlain Sixth Form College
Birmingham

A-Levels: ICT
D* D* D

2018
Harborne Academy
Birmingham, BIR

GCSEs: Grades 5s & 6s including English, Mathematics, Science, and Sport
